

Candidate **Spotlight**

Highlights

• Education

Masters in Chemical Engineering
Bachelor of Science in Chemical Engineering

• Areas of Expertise

Validation
Calibration
Raw Materials
In-Process
Finished Products
Wet Chemistry
HPLC, UPLC, GC, ICP-MS, HPTLC

Sr. Scientist Pharmaceuticals

Motivated Sr. Scientist with over 5 years of experience that can perform quantitative and qualitative analysis of Raw Material, In-Process, finished products using wet chemistry techniques.

Proficient in quantitative and qualitative assessment of compounds by using techniques such as HPLC, UPLC, GC, LC-MS FTIR, ICP-MS, HPTLC, Titrations and UV/VIS. Expertise in Calibration, Validation and troubleshooting of the Equipment and in documentation.
